N. HOLMES, Claresholm

All the Latest News of Claresholm.

Water flowing into Claresholm by November. That is the prospect if no untoward delay occurs. The electric light has been promised for October 15th.

The council has lost no time letting contracts and completing the preliminary arrangements. Mr. Breckenridge, the well known Calgary contractor, has the contract for the pipe line. He has ordered the pipe and when it is here, or near here, work will be started on the excavation. Mr. Breckenridge will use scrapers to dig out the four feet and then finish with the steam shovels. He will lay the pipe as the excavation is made, and he is going to put a pump of his own at the creek so that the pipes will be filled with water from the start. When they are tight enough the filling in will be done and thus excavating, pipe laying and filling in will be done together and by the time they are reached there will be nothing to do but a completed pipe line. The filling of the pipes for testing will also save worry in the early winter. The power house is to be located in Block B near the water tower. A gallery will be to be dug near the creek and the water will filter into this reservoir and an ample supply of good water will always be available.

The wire for the electric lighting service is here and poles are being set. The construction will be by day labor. There is nothing in sight at present to prevent the service being started this fall, and the only possibility will be in the failure of machinery to reach Claresholm as scheduled this. The town has let the contracts and is now up to the contractor, and the C.P.R. The contractors and town clerk and the engineers have put in a lot of hard work since the by-laws were passed and they are to be congratulated on the splendid progress being made.

The Study Schools of the Methodist, Presbyterian and Anglican churches of town will unite in a picnic party on Tuesday of next week, 14th July. All parents and friends interested in the children's program will be welcome. An amusement will be made from the pulpit on Sunday giving particulars as to meeting places for the start, etc. The day will be spent at some point on the river and games, mess, and refreshments will be the order of the day.

The Presbytery of High River will meet on Wednesday and Thursday of next week 14th and 15th at Nanton. Besides the routine business there will be a Wednesday afternoon, and evening a conference on Sabbath School work to which all S.S. teachers and those specially interested in S.S. work invited. The object of business includes a conference with home missionaries upon their work, a call from the Calgary congregation to Rev. J. M. Beaton and a report from the commission to the recent meeting of General Assembly Rev. Mr. Henderson of Claresholm.

Mr. John Danting, formerly of Ramsay Co., N. D., presently of Chin Wilham, Minn., has bought a half section N.E. of here and will move on it this fall. Mr. Danting paid cash for it and will do progressive farmer. Mr. Andersen put through the deal.

Mr. W. Bireley was in Calgary Tuesday on a business trip and while there had the pleasure of meeting Mr. P. W. Dean, the big four ultimatum. Mr. Dean was greatly pleased the water by day land carried and sold. He would live in Claresholm a few days.

Mr. Ed. Stangway, of South Dakota, formerly a neighbor of Mr. Douglas, has been visiting here and bought land from Mr. Andersen. He was greatly pleased with the climate and looks the reputation of being a progressive farmer.

Mr. George Wallace, of Blain, has bought the S.E. of Sec. 10, 13, 27, from George Hodgins and will move on to it shortly. Mr. Wallace is an up-to-date progressive farmer and will be welcomed in the district.

The family of Mr. Thomas Lewis arrived from Calgary on Tuesday and will spend the summer months on the farm.

Mrs. James McKinnay went to Calgary on Wednesday.

Messrs. Sculley and Wooster spent Sunday and Monday in Calgary.

John B. Baillie of Milledale has been appointed a wolf bounty inspector.

Messrs. Milnes and Noble were in Calgary this week taking in the fair.

There are no "Krusty" problems for users of Plymouth twine to solve.

Mr. Harry Anderson of Gramma was a caller on Mr. W. P. Teskey this week.

Mr. R. E. Moffatt went to Winnipeg on Wednesday to spend a three weeks holiday.

Mr. Ed. Hall, of Edmonton, was the guest of Mr. and Mrs. J. E. Bevan over Sunday.

Don't forget the horticultural show in 1909, fall Aug. 17th. Get ready for it.

Mr. P. W. Ellis, Toronto, of one of Canada's big jewelry firms, was in town Tuesday.

Mr. R. E. Switzer was in town on Sunday and received a hearty welcome from old friends.

Mr. J. Stewart, the rancher, has returned from Edmonton where he attended the exhibition.

Mrs. Wm. Moffatt and Miss Eva Moffatt left this week to visit in Winnipeg and also in Saskatchewan.

Never buy twine without the tag of a reliable manufacturer on it. Plymouth twine has the red sheaf of wheat tag.

Mr. John Basherville accompanied by his wife were visitors in Claresholm district this week, the guests of his brother, Mr. James Basherville.

The rain Monday morning spoiled the excursion to Calgary for many. As it was over seventy took in the trip and their faith was rewarded by fine warm day.

Mr. Wm. Turner, of Toronto, has arrived to accept the position of stenographer for the Claresholm Lumber and Grain Co. He is a cousin of Charlie Eileen.

John Dow, of Weyburn, Sask., visiting his cousin Harry Dow, a miles N.E. of Claresholm contemplates starting some kind of business, preferably the butcher business.

Mr. T. P. Mosley has returned from Edmonton where he attended the first meeting of Grand Lodge of Alberta, Knights of Pythias. He represented Claresholm.

The Messrs. Gladys and Mable Lewis of Calgary returned to Claresholm on Tuesday's morning train, where they intend spending the summer holidays.

In the report of the Danish Fair day celebration the result the pony race was omitted. It was a heavily contested race R. Huttons Togo being first, A. S. P. Smith Scotch Lad second and E. Williams Dancer third.

Mrs. J. S. Flahy of Kellogg is to be accompanied by three little sons over the next week of her brother Mr. K. F. Ferguson. Accompanied by her sister of the public school staff she will visit friends on the out family house St. Thomas Ontario.

Mr. George Erwin has sold his real business to Mr. J. A. Holden who took possession this week. Mr. Erwin will move to his farm the Golden West Coal Co., which is composed of Claresholm men, and who are spending a mine on the North shore of the Belly River in the Lakeland district. The coal is said to be exceptionally good quality.

The Railway contractors and their employees on the Calgary to Lethbridge line were hard hit by Sunday's big storm, and tents were blown down and shanties levelled to the ground. As the severity of the storm is gleaned from studies of a meeting of the rain. One family who were desired had to let the rain come and then sought shelter inside the railway car.

The new bed a carpet over the heads of the women and children to protect them from the falling hail.

MINERS RESUME WORK

After Three Months' Idleness, it is Stated that Workmen Have Lost \$500,000 in Wages—Atmosphere Now Cleared, and it is Expected that all will be Smooth Sailing for

The Next Two Years.—Hoemer Mines, B. C.—The officers of the Western Coal Operators' association and the United Mine Workers of America here and signed an agreement which will enable the miners to work the mines at Cannore, Lethbridge, Royal, Leth, Hillcrest, Bellevue, Lillo, Coleman and the Hoemer mines immediately. The agreement is complete in the agreement which was signed by the miners and the operators and carried with it the open shop, both parties agreeing that there shall be no discrimination, either by the companies or the men, against union or non-union men.

After a period of idleness and the loss to the workmen of at least \$500,000 of wages, with its attending loss to the operators and the public, the miners resume work at the same terms which were offered by the operators.

A Suspicious Little Vessel
Washington.—Suspected of preparing for a filibustering expedition to Mexico, the little schooner *Albatross*, a steamship Ethelwood, which has been lying in the Erie basin, of Brooklyn, since she was not cleared, is to be refused clearance papers according to instructions of the collector of the port of New York by Ormsby M. Harg, acting secretary of commerce.

The vessel, it was reported, has been taken to the fireproof warehouse of Francis & Bannerman. This aroused suspicion and the circumstances were investigated by the United States department here by Senator Sargent, the Haytian minister. One end of the island is occupied by Haytian troops, the other by the United States public, hence the minister's interest in the matter. Captain Brown, of the *Albatross*, is said to be acting in conjunction with Gladstone & Jimenez, two Dominican politicians now said to be in the United States. The vessel is said to be loaded and to have munitions of war carried to sea on the Ethelwood and then transferred to some other vessel.

Crop Conditions Favorable
Ottawa.—Dr. Saunders, director of the experimental farm, has telegraphed to the following effect: "Grain from Indian Head, Sask., under date of June 30, as follows:—"
"The grain in the large acreage in Saskatchewan and Alberta, grain in all districts yielded very heavily. The grain in the smaller acreage, and promises well. Winter wheat in southern Alberta some places partly wintered and some places with spring grain. It has been grown with spring

State-Owned Telegraph
London.—Josiah Thomas, ex-postmaster general of Australia, writes Sir J. Henniker-Heaton: "Can you do something to stir up the Canadians to provide for state-owned land telegraph line across Canada. The unsatisfactory working of privately

Marconi, speaking at a meeting of his company said that he had no doubt a very great extension of the trans-Atlantic service might be anticipated as soon as duplicate stations in Canada were complete. The company would then be enabled to accept 15,000 to 20,000 words daily.

Victoria.—Captain Heinmann, of the German cruiser Planet, who arrived by the steamer Aorangi from Sydney bound to Berlin, brought news that the Anglo-German commission which has been engaged in determining the boundary across New Guinea for the British and German governments has about completed its work. The survey was carried out most amicably.

Captain Heilmann also brought news that the native troubles in Samoa have been settled. The chiefs concerned in the recent trouble and many of their followers were deported to one of the islands in the Bismarck archipelago.

On the Way to the Pole
Treaties in Norway—Walter Wellman

and the other members of the expedition that is planning to reach the north pole this summer by airship left here on the steamer *Arctic* with a large quantity of material for the rebuilding of the balloon shed at Spitzbergen that was destroyed last winter by a storm.

by a storm.

Clareholm Review.

ESTABLISHED 1904.

Printed and published weekly at Clareholm, Alta.

\$1.50 per year. Single copies 5c.
T. W. QUAYLE, Editor.

The directors of the Clareholm agricultural Society in arranging for their first annual exhibition have compiled a remarkably generous programme, and it should prove an incentive to every farmer in the district to take a share in making the exhibition a success. Every Fair has humble beginnings, but with the advantages this district enjoys there is no reason why success should not be written in legible letters, at the initial exhibition. It only costs a dollar to obtain the right to exhibit and there isn't a farmer in this district who couldn't contribute something to the success of the fair. There is more also than the mere chance of winning a red or blue ticket. Indeed that should be the smallest consideration. The exhibition offers the best possible opportunity of revealing the wealth producing qualities of the district, and presenting in a concrete, tangible way the inducements offered for investment. The Review would urge the merchants to fill up the building allotted for general exhibits with a fine showing of the merchandise offered. Let the hundreds of farmers and other visitors see that it isn't necessary to send to Calgary or Winnipeg for supplies. The stockmen should also take advantage of the opportunity to show the splendid progress being made in raising the standard of stock. A great many thousands dollars have been invested with that end in view. An agricultural exhibition offers the best opportunity of showing the progress made. The directors have a big task in reaching the farmers and soliciting their support and the Review feels confident they would appreciate the co-operation of the Board of Trade in helping arouse interest in the town, and in surrounding towns.

The Calgary Herald's sunbeam was invaded by a bunch of bright 'Y' headed by A. C. Ladies on Saturday last, welcomed by Mrs. G. W. Kerby.

Showing Editor Woods and his capable staff down to the mailing room to do chores, they proceeded to get out the paper. The Herald appeared on scheduled time and larger in size than the "men editors" usually produced, and it was brimful of bright news, and well written stuff. The ladies apparently knew the "business" in general news, and the special features were all cleverly displayed.

The ladies on the business staff were also wide awake and the advertising patronage was enough to inspire a vision of dividends. The ladies did their work well and the Review trusts they netted a neat sum for the proposed "Y" building. The West is popularly called the country of young men. Undoubtedly the man does predominate and that gives an added reason why the ladies who come west to take a share in the "beginnings" should have such an institution as the one asked for. The young men need a Y.M.C.A. as a rendezvous free from vicious environment; the young ladies need the "Y" not only as a rendezvous, but as a home. Some of those Calgary chaps, growing fat on real estate, could put up the building and never notice a shrinkage in their bank accounts.

Calgary's big fair is on this week and reports show that it exceeds the Dominion Fair of last year. The co-operation of outside towns in the way of exhibits is not so extensive, a fact due to the inability of small towns to "dig up" four or six hundred dollars every year for this form of advertising. It costs money and there is no other way of getting it except by popular subscription. The merchants have a great many calls on their gen-

erosity during a year and if at times they feel that the limit has been reached no one should censure them. A merchant might be netting three to six thousand a year but if he has to subscribe for a dozen and one special appeals in a year in addition to necessary expenditure it cannot always be done without a sacrifice. The growing towns quite appreciate the value of special exhibits, placed where thousands would see the resources of the district, but there is no provision for the cost other than by subscriptions and if a "year off" is taken, it is perfectly justifiable proceeding.

The Gramum Press, the new paper for which the good people have been looking, appeared on Friday and if issue No. 1 is an index of what is to come the busy little town will have good cause to feel proud. Mr. John M. Millar, formerly of the Boundary Creek Times is the publisher, and in his hands the people of Gramum can safely leave the publicity interests of the town. Brightly written, and presenting Gramum in an attractive way, the Press is a credit to the town. That the business men appreciate the advantage of a newspaper is apparent. The advertising space of the Gramum Press is well filled with brightly written and well set advertisements. The Review congratulates Gramum and trusts the Press will receive a cordial welcome in every home.

Celebration at Elinor.

"I'll stake a quarter I can pick the winner."

"Will you."

"You bet."

"All right, I'll take the red-headed girl."

"Oh! that's the one I just picked. This was out at Elinor on Saturday last where about 500 gathered to celebrate 'Independence Day' under the auspices of the Modern Woodmen of America. It wasn't unusually that these prospective people should celebrate a National holiday of the country they left to come to Alberta. It doesn't make a man any less devoted to the country of his adoption, to cherish a fondly feeling for the country of his birth. An American would be less than a man if he didn't feel the same towards the United States, from the standpoint of sentiment, as an Englishman does toward England, or a Scotchman towards Scotland. Where a man is born is always a land of interest to him and he is none the worse as a citizen of some other country. A man who couldn't love his native land couldn't love any land. The celebrators at Elinor are enthusiastic over Alberta and in the fun on Saturday they were just enjoying a holiday they were used to enjoy in former days, and there wasn't a suggestion of disregard for Canada from start to finish. After a morning which threatened rain the afternoon turned out blistering hot, and if anything old Sol was a little too attractive. The afternoon was spent in baseball, running races, horse races, boxing bouts and at night there was a jolly dance.

The baseball match between Elinor and Cleverly resulted in victory for the visitors by a score of 13 to 3. The teams were: Elinor—George Stephens, W. O. M. Inneson, S. Stephens, Zan Ousley, B. Dart, Lloyd Low, Clarence DeGroof and Mr. Jones. Cleverly—Harper, Wise, Ulrich, Galbraith, Galbraith, Henderson, Clever, H. Harper, J. Harper. The races were quite interesting. Buck Fanning won the fat man's race about as easy as a nigger boils watermelon. In the ladies race the Auburn haired Marathonite justified the best expectations of her many admirers and romped home in every winner. The winners were: Addie Harper and Dora Aldernott.

In the boys race Otto Walick won every money. The horse races were trials of speed for 80 yards by local horses and created great interest. A boxing bout between a former Oregon champion and a Montana champion didn't go many rounds owing to the intense heat which overcame the Oregonian. It was enjoyed immensely while it lasted. Mr. Matt Low, Mr. O. Wendellson and F. A. Walick and others were most assiduous in making the day the success it was.

UNION BANK OF CANADA

Capital, Rest and Undivided Profits Exceed \$5,000,000

Ready Cash

Unlike most investments, money deposited in the Union Bank is always ready for use. There is never any delay or loss getting it when you want it. It is absolutely safe, and always worth dollar for dollar.

Don't tie up your money in risky ventures, when you can get compound interest on it here, with absolute security, and the privilege of withdrawing it at any time.

J. T. Kingsley.....	18

In the Alberta Derby at Calgary on Monday Mr. James Ross's horse Llan-saff won first, Irish Lad a good second and Grouse Pete third.

And Then Granum Licked Us

By a score of 9 to 6 Granum's stellar lussell nine slipped it over Granulohm in the match at Frank Slough's town last Saturday. Playing twice in one week seemed to be too much for both teams as the style of ball put on was loose, at times sloppy. Neither our own Mr. Anell or the Hon. Spud Murphy were up to class and the batters had a picnic. Anell suffered from a fractured index which interfered with good work but we are not making excuses. Granum licked

us and are entitled to the credit. It was the first defeat for Claresholm of the season, and aside from a desire that the home boys win, it was probably a good thing for the League to see the leaders checked in their swift gallop for the pennant. Another win would have clinched the flag, and a lack of interest would have resulted. Now the other teams are on to the fact that Claresholm is not an unbeatable proposition and it will help some. There wasn't much betting at Granum. The \$800 lost here on the Tuesday previous had a dampening effect. Claresholm could protest the Leithridge artist Granum played behind the bat but we are not in the protesting business. There are two protests on now for the League executive to wrestle with.

Destructive Storm

The storm which swept over the town at six o'clock Sunday night was a remarkable one in many respects. It was remarkable that in one section it was the most destructive severity while three miles away there wasn't a suggestion of storm other than the black cloud seen in the distance. Not a drop of rain fell.

The district a few miles north also was visited by a destructive hail and it is said that further north the damage was more injurious to the crops. In this district L. T. Torgenson, John Robertson and Louis Oakes are said to be among the heaviest losers. Mr. Robertson had 150 acres of winter corn and the others also had severely. Mr. Torgenson was also a loser in another way. His horses driven by the hail which pelled them with cyclonic force were badly stampeded and several received injuries by contact with the barbed wire fencing.

Mr. D. E. Cargill who lives north was not in the hail zone but he had two cows struck by lightning. Mr. W. O. M. Jousen is also reported to have been a loser, and Olin Nelson also had cattle struck. In town the storm was very severe but there was no hail. The rain driven by the northwesterly gale fell in sheets. Cellars in Wabals, Chicks and others stores were nearly filled. In many of the houses the occupants started going to sleep, spent a doctored hour on their knees—napping up the water that pelted through alleged weather tight windows and under doors. It was a gay old storm for an hour and except in the section where it did harm there was no loss for the crops and gardens were in need of moisture.

At Starey it was reported that about 10 per cent of the winter wheat had been destroyed. The principal sufferers were Misses Conson, Sanford and Varnick, southeast of the town. The hail belt was three miles wide and extended 15 miles east. A. P. Hughes lost all his crop, spring grain included.

Lawn Tennis Club

At a meeting held in the office of Mayor Frost on Monday night the Claresholm Lawn Tennis Club was formally organized. Mr. Arthur Dunbar presided and Mr. W. V. Brown acted as secretary.

The Club will have use of grounds at the Turf Association park, and the court are under process of construction. It is hoped to have the sport under way very shortly. The officers elected were: Honorary Patrons, John Heron M. P. and Malcolm Mackenzie M. P. P. President, Mr. W. P. Teskey; Vice-president, Mr. Arthur Dunbar; Secretary, Treasurer Miss Telford. Executive, Mrs. H. Tildeman and Mr. O. J. Anundson. The membership fee was fixed at \$2 for men and \$1 for ladies. The executive were empowered to draft the rules and regulations. This club besides encouraging one of the healthiest of summer pastimes, also opens up a source of pleasure for in town being exclusively for men, the ladies, all the other sporting clubs. The membership has already passed the half hundred mark.

Little Bucks New Owner

Mr. J. T. Kingsley this week closed a deal whereby he becomes the owner of "Little Buck," the speedy racer who contested in the harness events on Dominion Day. Mr. Kingsley does not purpose putting his new horse on circuit. He bought it to get a good driver. Little Buck is nine years old and in his prime had a record of 2:13. Mr. Kingsley bought him from B. Portley of Weyburn, Sask.

Building Up A TIRED SYSTEM

A sense of weariness and debility is due in most instances to lack of proper nutrition. The digestive system is, and were out, it's only improperly fed. The nerves get their nutrition from the blood; the blood is formed from the products of digestion.

To replace debility by energy and weakness by strength, digestion must be improved and the blood must be enriched. This is what always results from taking Dr. Cassin's Quinine and Iron Tonic. It helps at once and each bit of gain is permanent. It increases appetite, aids digestion, creates red, rich blood and builds up vitality and energy.
